# Welcome to Church today!

THIS MORNING we will be having a 'gift day' in aid of **WEST Special School in Kenya**. There will be a presentation on the history, current situation and future hopes of the school for children with physical and mental disabilities, as well as hearing from Pastor James on a Biblical perspective on disabilities. There will also be a special offering for the work of the charity.

## Pastor James is our speaker this evening

Get ready for Jesus' next run in with the religion elite of his day. Just like the many other times, Jesus exposes them for who they really are. In a series of 6 'woes', directed at some Pharisees and Lawyers, Jesus uncovers the heart of moralism and how it surfaces.

Now, we may feel like we are a million miles away from falling for what these religious people fell into. I mean, we live in a completely different part of world history and we don't follow the same laws, so how could we do what they did and think like they thought? But here's where we need to stop and not

kid ourselves. The danger of moralism is real for all of us - whatever stage of history we find ourselves in.

This evening we'll look at Luke 11:37-12:3 to find out how moralism surfaces, and then apply the warnings we find to our everyday lives.
