Evening: ABC of Spiritual Life
Speaker: Laszlo Balint / John 15:1-17

We pick up the story as Jonah takes his last gulp of air before being thrown down into the depths of the sea where, surprisingly, he finds God. Throughout all of chapter 1, Jonah runs from the presence of the Lord but even in the darkest, loneliness depths of despair in chapter 2, we find that God is still there. We will explore how moments in the belly of the fish are often the place where we become sensitive God's presence in our life.

The Ambulance Service taught Laszlo that in the case of the most dire and critical health situation the most important thing is to simply go back to the basics and stabilize ABC (Airway, Breathing, Circulation). It's no different when it comes to our spiritual lives. Going back to the very basics is the most important step for a healthy and growing spiritual life. Laszlo will talk about what that basic step is.
